Dear Mr. Pry:

I wanted to thank you for allowing the General Division to enlist the services of Robert Hunt, EEO Administrator for Summit County, in navigating through the quagmire of various allegations that have taken place here in the Court. Because of the nature of these allegations, the Judges and Court Executive Office had a deep desire to compassionately and accurately make a determination, no matter the outcome.

While Mr. Hunt was here, he always displayed the highest level of professionalism and exhibited a true desire to reach a conclusion that was fair and just for the Judges and staff. Because Robert was able to convey a feeling of trust to those he interviewed, we are confident his depiction of recent events relating to the various allegations will have a positive and lasting effect far into the future.

The General Division employs a separate group of staff classified under the State of Ohio, therefore, personnel matters, while being important to operations, can have an impact on the entire organization. Because of Mr. Hunt's obvious dedication and passion for his responsibilities, his report was extremely detailed and surpassed the expectations of all involved.

Again, thank you for allowing his interaction with the General Division Court.

Sincerely,

Tammy O'Brien  
Administrative Judge
